Jocelyn Tang. Currently I work at CE Logistics Admin Assistant. I've been mentioned. My job responsibilities are processing, arrangement and liaising with 3
at, I look forward to gain more the knowledge what I learned in

Unique as your DNA

This analysis of your handwriting reveals secret about your personality and deeper insights into your character.

Is my handwriting considered messy?

Yes.

Then, do I have to change it?

No.

It looks messy but your formation like slants and pressure are consistent which is a sign of adaptability.

Do you think I will be a successful person in the future?

Yes only if..

you tell yourself that you can do it and dismiss any negativity that could influence your optimism to change

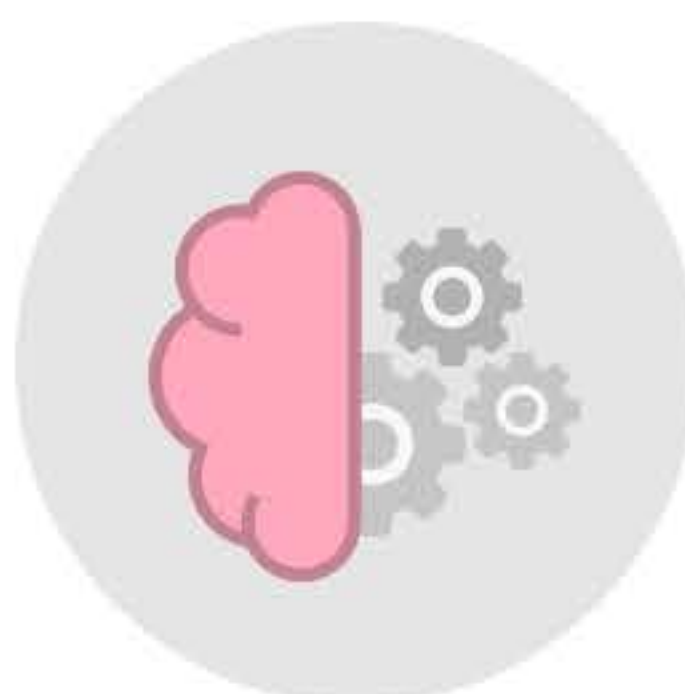

How can I change

my mindset?

There are many methods. Start with by not writing with baseline sliding downwards.

Deeper Insights into Your Character

There are many different things a person's handwriting can reveal about them – some more important than others. Learn more about what your handwriting says about you.

Based on the clear loops in your small letters 'a' and 'o', these traits signify directness and honesty when someone asks for your opinion. Even though at times, you could respond your view with wit or sarcasm.

There is a trait signifying irritation towards external environment, a situation or someone which could increased the chance of venting blunt frustrations.

You look forward to finding out what are waiting for you in the future, with a bit of cautiousness in the beginning to make sure that failures are not repeated.

You will not express your emotion whether in disappointment or frustrations even though you feel it. Someone who talks to you will think that you are reserved when in fact that is not how you express your standpoints.

As for achieving the goals that have been set, it is evident in terms of extroversion, optimism, enthusiasm and initiativeness. On the other hand, your eagerness could make you impatient with excitement.

How can You Move Forward

You can start the year off right by charting a positive, forward-looking mindset to complement your confident, self-assured personality. Learn to channel your energy and confidence into a productive mindset.

Your Personality Traits

Sociable

Your friends can expect that you will socialize in parties or events without the fear to pull back from the crowd. However, you expressed equilibrium in relationships with others. The need of self-control and some space, a distance from others.

Curious

You will have tendency to question and seek knowledge and more info before involving in a situation.

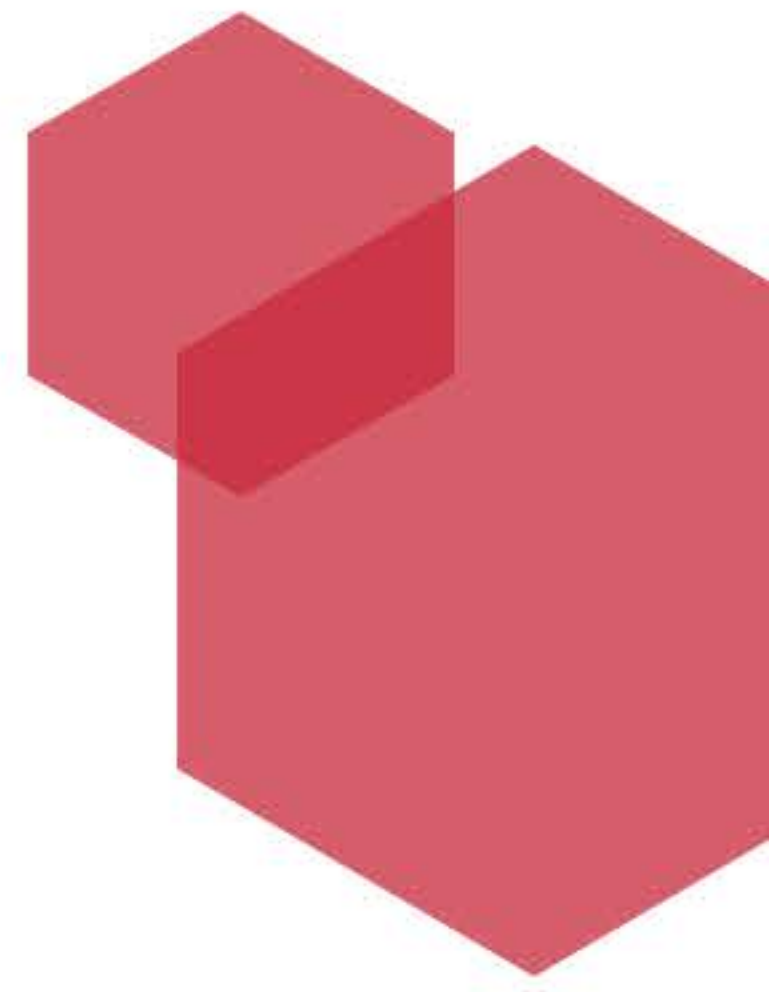

Optimistic

You are sure that tomorrow will be better and looks on the bright side of life. Overcoming challenges in a positive mindset and rationally.
